

Glenorchy
School

School News

A very big welcome to Charlie who joined his big sister Bella, in the Junior Room yesterday. It is great to have you here Charlie.

It was lovely to welcome everybody back to school yesterday. The children seemed pleased to see all their friends again and appear to be settling quickly back into the routines of school. Getting back to 'normal' is an important step in this journey. Please talk to us if you have any concerns with student or family wellbeing in the coming months. We are here to help and can make you aware of support avenues if they are required.

Well done on your home schooling efforts! We would welcome any feedback on what went well and what could be done differently as part of our self-review process.

There are currently no confirmed events on the school calendar for the remainder of this term. We are still waiting to hear when sporting events will resume, and a decision on whether ice skating and ski camp will go ahead. We will inform you as soon as practically possible.

Thank you for your ongoing support throughout this time. Please encourage your children to

- Regularly wash their hands with soap and water often (for at least 20 seconds). Then dry.
- Cough or sneeze into their elbow or by covering their mouth and nose with tissues.
- Not to touch their eyes, nose or mouth if their hands aren't clean.
- Put used tissues in the bin or a bag immediately.

Please drop off and collect your children at the front of the school. If you need to come into the school building, come in the main entrance and sign in with Gorette. This is to ensure we keep an accurate record of who is onsite in case it is needed for contact tracing down the line.

Finally, just a reminder to please keep your children at home if they are unwell.

Paula, Nicole, Courtney & Gorette

Just touching base to confirm that our planning for the job in Glenorchy on 26th May is well underway.

As part of our regular planning, we allocate an 'alternative day' for work to be carried out in the case of adverse weather or other extenuating circumstances beyond our control. The alternative day for this work is **Wednesday 27th May**, the next day as our crews will be in the area and will have the equipment read to go. We are still full steam ahead for carrying out the work on Tuesday 26th May, but wanted to ensure you were aware of the alternative day. In the case that we need to postpone the work to the alternative day, we will be in contact as quickly as possible and update our website and social media channels.

You should have received your retailer notification advising you of this work, but please do not hesitate to get in contact if you have not received your notification.

If you have any questions please do not hesitate to get in contact.
